

Capabilities Summary

The Solution for Your Co-Packing Needs

Our state-of-the-art, fully automated canning and bottling lines for carbonated and non-carbonated beverages can produce 20,000,000+ cases of beverages annually.

CANNING

Our two fully automated 72-valve canning lines can produce over 2,000 cans per minute – meaning we are the perfect fit for your high-speed canning needs.

BOTTLING

Our two fully automated 45-valve bottling lines can accommodate PET bottles from 500mL to 2-liter.

CERTIFICATIONS

Noel Co-Pack is FSSC 22000 certified through AIB International, is a USDA-certified organic processor, and is licensed by TTB and WA Liquor and Cannabis Board.

PACKAGE CONFIGURATIONS

We can accommodate various packs from 4 to 24 cans—including can sizes 7.5oz, 12oz, 12oz Sleek, and 16oz. Range depends on primary container diameters.

TRAY/HEAT SHRINK

Packaged or loose, we can accommodate 12, 24, and 30 cans or 8, 12, 15, and 24 bottles, depending on container size.

ALCOHOLIC BEVERAGES

Looking to take your wine, cider, or beer business to the next level? We are your perfect partner for:

- Wine
- Hard cider
- Hard seltzers
- Sugar-brewed
- RTD Cocktails
